## PEGASUS POSSIBLE FOR JEROME

Kentucky Derby winner **Fusaichi Pegasus** (Mr. Prospector) is a "strong possibility" for this Saturday's one-mile GII Jerome H. at Belmont Park, trainer Neil Drysdale said yesterday. "I don't say that he is completely fit, but he has come along faster than I expected," the conditioner admitted. Owned by Fusao Sekiguchi, Fusaichi Pegasus has not raced since a runner-up finish behind Red Bullet in the May 20 Preakness. He was injured in his stall at Aqueduct while preparing for the June 10 Belmont S. Drysdale hastened to remind that the Jerome is not the main objective for his pupil. "We're going into this race a work or two shy. It's not necessary for this horse to win this race. It is just a stepping stone to the Breeders' Cup." Purchased this summer by Coolmore Stud and Shadai Farm for a reported \$70 million, Fusaichi Pegasus is scheduled to make his final race-track appearance in the Breeders' Cup Classic at Churchill Nov. 4 before entering stud duties at Ashford Stud in Versailles, Kentucky. Drysdale did not rule out the possibility of a race between the Jerome and the Breeders' Cup, which could come in the GI Jockey Club Gold Cup at Belmont Oct. 14.

## KEENELAND DAY NINE

A son of four-time champion Sky Classic brought a final bid of \$170,000 to top yesterday's ninth session of the 13-day Keeneland September Yearling Sale in Lexington, Kentucky. The chestnut yearling, out of the Halo mare Compromised Crown, was consigned by Stony Point, as agent for Robert Schaedle, and was purchased by Kenneth and Sarah Ramsey. The top-priced filly of the session was hip number 3195, a daughter of Is It True--Syrianna, by Damascus. The chestnut filly was consigned by Lane's End, agent and was purchased for \$125,000 by Becky Thomas. Through nine days, the sale average is up 27.9 percent over last year's corresponding sessions. The median is up 12.5 percent. The sale continues today at 10 a.m.

## WEEKEND PEDIGREE PERSPECTIVES

*by Alan Porter*

**FUTURITY S.-GI**, \$200,000, BEL, 9-17, 2yo, 1m, 1:37 4/5, ft.

1--@▲**BURNING ROMA**, 122, c, 2, by Rubiano

1st Dam: **While Rome Burns**, by Overskate

2nd Dam: **Fiddlesticks**, by Northern Dancer

3rd Dam: **Discipline**, by \*Princequillo

(\$50,000 wlng '98 KEENOV; \$90,000 yrl '99 OBSAUG; \$40,000 2yo 2000 FTFEB). O-R Wilson & Queen Harold; B-William S Farish Jr (KY); \$120,000. Lifetime Record: 3-3-0-0, \$158,820.

Champion sprinter Rubiano hasn't enjoyed the same level of success at stud as some of the other sons of Fappiano, particularly Unbridled and Quiet American. He might, however, have come up with a classic contender in the shape of Burning Roma, who closed with a furious rush for a victory in the GI Futurity S. (albeit on the disqualification of City Zip, who crossed the line a nose to the good, but was taken down a place for bumping Burning Roma).

Burning Roma's running style suggests that stretching out to a classic distance might not be beyond him, even though Rubiano was a champion sprinter. His sprint championship notwithstanding, it's worth noting that Rubiano is bred on a somewhat similar pattern to Unbridled, winner of the Kentucky Derby and sire of Kentucky Derby winner Grindstone. Both Rubiano and Unbridled are by Fappiano out of mares by European Derby winners (Nijinsky II in the case of Rubiano, and French Derby victor \*Le Fabuleux for Unbridled) and both have second dams by In Reality. The key difference is that Rubiano's dam, Ruby Slippers, was an atypically sprint-oriented daughter of Nijinsky II. As for Rubiano himself, he was a late-maturing, late-closer who was at his best at seven furlongs (at which distance he took the GI Carter H., GI Vosburgh S., GII Tom Fool S.) or a mile, the distance of his victories in the GI NYRA Mile H. and two runnings of the GIII Westchester H.

Rubiano has maintained a very respectable winners-to-runners and average earnings per starter figure throughout his career, but what has seen him fall from commercial favor has been a shortage of major stakes winners. Burning Roma is a member of Rubiano's fifth crop and to date, his first four crops have yielded 11 stakes winners, with the only previous graded scorers being the fillies Brulay and Pantufla. From those four crops the fillies have had the upper hand with seven of them taking stakes as opposed to four colts.

Burning Roma has plenty of stamina in the distaff side of his pedigree. His broodmare sire is the prolific Canadian horse Overskate, who took the Coronation Futurity at two and went on to annex another 17 stakes events in Canada and the U.S. Those victories included the mile and a half Breeders S. Overskate also set a new track record for 11 furlongs at Belmont, so by North American standards, he is as stout an influence as you could hope to find. A half sister to the graded stakes winning filly Vivano, Burning Roma's dam, While Rome Burns, is out of the Northern Dancer mare Fiddlesticks. A three-quarters sister to the graded stakes winning Duty Dance (by Rubiano's broodmare sire, Nijinsky II), Fiddlesticks is out of Discipline (by \*Princequillo out of the Phipps' foundation mare Lady Be Good), heroine of the Test S., Demoiselle S. and Molly Pitcher H. Thus, this is also the family of such as Goodbye Halo, Val's Prince, Polish Precedent, Awe Inspiring, Zilzal, Culture Vulture, Wavering Monarch and Mining.

Since Discipline was by Princequillo out of a mare by Better Self, she shares some pedigree similarities with Bemuse--third dam of Rubiano's good daughter Pantufla--who is a Princequillo half sister to Better Self. Princequillo and Better Self are also combined in the pedigree of Killaloe (dam of Rubiano's sire Fappiano). Discipline's dam, Lady Be Good, also strongly reinforces the War Relic (Fair Play/Rock Sand) and La Troienne strains in Rubiano's granddam Moon Glitter. For good measure, Burning Roma's broodmare sire, Overskate, also has a second dam chock full of Fair Play/Rock Sand.

### PEDIGREE SHORTS

The combination of the similarly bred Storm Bird/Nijinsky II and Storm Bird/The Minstrel continues to pay dividends. Winner of the Aga Khan Studs Blenheim S.-Listed was **Black Minnaloushe (c, 2, Storm Cat--Coral Dance {Fr}, by Green Dancer)** who has Storm Bird and Nijinsky II 2x3. For good measure last week's Keeneland September Sale topping Storm Cat--Hum Along colt has Storm Bird/The Minstrel 2x3 (as did his three-quarters sister, champion two-year-old filly Storm Song).

**Bill Oppenheim**

**BREEDERS' PROFITS: THE STUD FEE FACTOR**

We're beginning to be able to sift through some data from this year's North American yearling sales which show just how much the market is going to have to increase the next two years just to maintain current profit levels. The stud fees are the big factor. By the time 2001 stud fees are finished being set, I'm estimating that next year's stud fees will be 80 percent higher than those breeders paid in 1998 to produce this year's yearlings. If you breed to a stallion who stands for less than 180 percent of his 1998 fee, that stallion is either a relative bargain, or a failure, or unproven.

**Killjoy was here...**

I don't want to sound like a killjoy in the midst of what is already the biggest-grossing yearling sale of all time, steam rolling over last year's \$233-million total, which itself blasted the previous record off the map. But, like a lot of people, especially sellers, I've been increasingly uneasy about the effect of overproduction, and also of over breeding moderate mares to top stallions. And I think that breeders are just about at a point where you have only a 50-50 chance of making money by breeding to one of the top 15 stallions, and a far lower chance of making money by virtually any other stallion.

**It's Inevitable...**

Since rises in stud fees are inevitable for next year, breeders are going to have to think very carefully about the amounts they're willing to spend on stud fees. Two groups who will automatically represent value are: (1) proven stallions whose stud fees will not have risen 80 percent from 1998, and (2) younger, mainly unproven stallions who went to stud before this spike in stud fees began--and that actually includes quite a few promising prospects.

**April's Arithmetic...**

Here are some figures that counter those high-twenties percentage rises in the September sale averages and medians. April Clark at Racing Update very kindly compiled some figures relating to what I arbitrarily classified as the 'top 15' stallions (there are 13 of them, using the top 15 from Monday's *TDN* and knocking out Forty Niner because he only had one, and Pulpit because he's first-year) at my request. Here's what we found.

Taking the year-to-date for the sales covered in that table, there were 329 yearlings offered by the 13 stallions. Their collective clearance rate was pretty good--22 percent RNA'd, 255 sold. If you take the view that for the top stallions, a yearling median/stud fee multiple of 2.00 represents the break-even point (3.00 for cheaper stallions), my count is that 193 of the 255 sold did that--sold for two times the stud fee or higher. That's 76 percent of the solds by the top 13 stallions showing a profit--looks good.

**There's More...**

But wait. If you make the assumption that a not-sold equals a loss (a fair assumption, on the whole, I would say), that same 193 (by the top 15 stallions, sold for 2.00 stud fee--1998 stud fee--or more) actually confitures just 59 percent of the 325 offered. My conclusion is, that through Keeneland Book 3, you stood a three in five chance of making money if you were selling a yearling by one of the top 13.

But that is based on 1998 stud fees, which were (more or less) the actual production cost. The 2000 stud fees for the 12 stallions still active (eliminating Mr. Prospector) were 43 percent higher than the same stallions' corresponding fees for 1998. And I am predicting that figure will jump to 80 percent higher in 2001. That means the North American yearling market has to increase (by 43 percent times the stud fee as a fraction of production costs) in 2002 just to stay at the same level of profitability (59 percent by the top 15 stallions) as was achieved this year. And by 80 percent times the stud fee/production cost fraction from 2000 by 2003. History suggests that's a tough task.

**Bill Oppenheim cont. from p. 3**

If the yearlings sold this year had been bred on 2000 stud fees--in other words, assuming yearling prices are the same in 2002 as they are now--more than one out of five listed sales by the top 15 stallions would not even have brought the stud fee. Simply put, 20 percent of listed sales by the top 15 sires sold for less or equal to the sire's 2000 stud fee. I find that a sobering thought. You breed to one of the top 15 sires, and you have a one in five chance the resulting yearling, even if it goes through the ring, won't bring the stud fee. By the time you add in the other non-profit ventures, my estimate is that, at 2000 yearling prices and stud fees, you have just a 50-50 chance of making money--if you use one of the top 15 sires.

It's something to keep in mind when you're making your decisions about 2001 stud fees. Even by one of the top 15 sires, right now you only have a 50-50 chance of making money. Great, if you do. But have a look at these figures on the top 13 sires I've used (ranked by 2000 average for the sales covered), before you commit. Interestingly, four of these 13 come from the same 'sire group': Storm Cat, Gone West, Theatrical, and Broad Brush all had their first foals in 1989. Good group. **Sire Stats p. 5**

On a similar note we also have the G3 Prix d'Aumale winner **Green Minstrel (Fr) (f, 2, Green Tune--Shy Minstrel, by The Minstrel)**. Green Tune is by a son of Nijinsky II and his granddam, Ocean's Answer, is a three-quarters sister to Storm Bird. Since Green Minstrel is out of a mare by The Minstrel, she has Nijinsky II/Ocean's Answer/The Minstrel 3x3x2. Green Minstrel's second dam is by Blushing Groom, so brings in Spring Run (Menow/Bull Dog cross) to go with the Menow/Bull Dog the dam of Nijinsky II and granddam of The Minstrel. Incidentally, Green Tune, a French-based second season sire is on something of a tear at the moment. He also had a weekend stakes winner in the three-year-old filly **Sweet Story (Ire) (f, 3, Green Tune--Shy Danceuse {Fr}, by Groom Dancer)** capturing the Prix Occitanie at Toulouse. She is another stakes winner with the Nijinsky II/Blushing Groom cross (Spring Run and Flaming Page again) and also has Green Dancer and Grey Dawn II. This pair are both descendants of the great tap-root mare Ampola, and are worth combining any time there is an opportunity.

**Point Given (c, 2, Thunder Gulch--Turko's Turn, by Turkoman)** made another point for the Mr. Prospector/Alydar cross with a win in the GIII Kentucky Cup Juvenile S. Mr. Prospector, the grandsire of Thunder Gulch, and Alydar, the sire of Turkoman, are bred on very similar lines (Raise a Native over Nasrullah/Bull Dog/Blue Larkspur) and the cross has already produced previous Thunder Gulch stakes winner Class.

### 2002 Gulfstream Dates Controversy:

There seems to be a difference of opinion on just what dates Gulfstream Park is going to run in 2002. Gulfstream president David Romanik said, "In a perfect world I'd like to run the same dates as Santa Anita (Dec. 26 through Apr. 24) for the simulcasting to line up. But that's in a perfect world. In the meantime we're looking at running some of the dates Hialeah has." By law Gulfstream, which was recently bought by Frank Stronach's Magna Entertainment, has to run Jan. 3 through Mar. 16 and Hialeah has to run Mar. 17 through May 22 in 2001. On July 1, 2001, the laws regulating the dates will expire. Hialeah president John Brunetti, when asked about Gulfstream running his dates said, "That's news to me. David Romanik has a couple of superiors about him that he has to report to. I only talk to Frank [Stronach]. Frank and I talked as late as a couple of days ago and he never said anything like that to me. I don't know where Romanik gets these ideas."

### Florida-bred Day on Hold:

Plans for a Florida-bred stakes day in 2001 at Gulfstream Park are on hold after concerns about purse levels. "We were trying to put together a Florida stakes day early in our meeting," explained Gulfstream president David Romanik. "The Florida Thoroughbred Breeders' and Owners' Association only wants to give us \$400,000 for the day. We're supposed to get 40 percent of the Florida Breeders' Award money, they only want to give us about 17 percent. I don't want to put on a whole day of racing for \$400,000. So we might have to wait until next year if they don't give us the money. [Gulfstream owner] Frank [Stronach, who is on the board of the FTBOA] is livid about it, he doesn't understand what they're doing." Gulfstream's stakes schedule, which is due out soon, will be missing five races, four of them graded. "We had to eliminate some stakes because we lost one weekend the way the dates fall next year," said Romanik. "We'll put them back on the schedule for 2002."

## MUJADIL COLT TOPS TATTERSALLS OPENER

On the first day of the two-day Tattersalls (Ireland) September Yearling Sale at Fairyhouse, the top price was Ir50,000 guineas paid by BBA Ireland for lot 168, Monread Stud's Mujadil (USA) colt out of the winning mare Ossana (USA) (Tejano {USA}). Bred by Terence McDonald, the bay colt is the first foal of his dam, who won at Baden-Baden in Germany and comes from the family of French stakes winners Gaelic Bird (Fr) and Gold Bird (Fr), the latter being the dam of the G1 Prix Lupin winner Galetto (Fr). He was consigned to the sale by Monread Stud. Two fillies achieved the second-highest price of Ir42,000 guineas. First up was lot 247, a bay filly by Indian Ridge (Ire) out of Taking Liberties (Ire) (Royal Academy {USA}), a daughter of New Zealand-bred Lady Liberty (NZ) (Noble Bijou {USA}), winner of the G1 South Australian Oaks. The filly, bred by Swettenham Stud, was prepared for the sale by Glenvale Stud, agent, and was bought by Newsells Park Stud. Later in the evening Lot 274, Riverside Stud's filly by champion miler Bijou D'Inde (GB) out of the winning mare Troyes (Ire) (Troy {GB}), bred by Gaucho Ltd, was bought by Sam Bullard Bloodstock for the same price. Another to top the Ir40,000 guineas mark was Tara Stud's Fumo Di Londra (Ire) colt out of Haysong (Ire) (Ballad Rock {Ire}), bought by Irish agent Frank Barry for Ir41,000 guineas. Bred by Limestone Stud, the colt is from the family of the G3 Molecomb S. winner Hayloft (Fr), dam of the G1 Irish 2000 Guineas winner Wassl (Ire). At the end of the first session, the gross was Ir3,212,100 guineas, up 41 percent on the 1999 gross of Ir2,283,900 guineas, while the average of Ir12,900 guineas was up 31 percent on last year's Ir9,844. The sale concludes today.

**SAINT-CLOUD CANCELS** Racing at Saint-Cloud was canceled yesterday due to a strike by France Galop employees. Last week at Auteuil, for a national hunt day of racing, strikers delayed the start of the meeting by three hours and all races were run without on-track betting. The strikers, who are asking for higher salaries, spread over the course and in the paddock around 1:15 p.m. and despite various negotiations, refused France Galop's new proposals. Officials at France Galop had no other choice than to cancel the meeting when they were not able to provide appropriate security. Talks will resume at France Galop headquarters in Boulogne today, but strikers are posing threats on more meetings, joined by on-track mutuel clerks. France Galop officials will make every possible effort to assure the Arc meeting, just 12 days off, can proceed as planned.
