QUILANGA STAYS PERFECT AT DEAUVILLE

Jockey Eduardo Pedroza missed the winning ride after failing to extract himself from traffic in Germany, but Gary Stevens proved an able deputy by guiding the unbeaten **Quilanga (Ger)** (Lomitas {GB}) to a cozy success in yesterday's G3 Prix de Psyche S. at Deauville. A stalking third until asked for her effort once into the straight, she responded to every call in the closing stages to withstand the persistent challenge of **Kinnaird (Ire)** (Dr Devious {Ire}). Quilanga began her career with a debut win over 10 furlongs at Milan Mar. 27 and followed up over course and distance Apr. 14. Her only other start yielded a first stakes victory when she garnered the May 2 Listed Premio Baggio, again over the San Siro's 10 furlongs, before producing this career best. "We are considering a German Group 3 race in three weeks time and then we will look to the French program for the rest of the season," said owner's representative Simon Stokes.

FIVE DEFINITE FOR HASKELL

The field for Sunday's GI Haskell Invitational H. continues to take shape with **Lion Heart** (Tale of the Cat) and **Rock Hard Ten** (Kris S.) leading the way. "He's training good and everything's going good," trainer Patrick Biancone said of Lion Heart. "We're looking forward to a Grade I performance in the Grade I race. I don't think we are the lone speed and the local horse [My Snookie's Boy] was in front of us the whole way [in the July 17 Gill Long Branch BC S.] until the winning post." Southern California based Rock Hard Ten is scheduled to arrive at Monmouth Park this afternoon. "He galloped [Tuesday]," trainer Jason Orman said. "Monday we took him to the gate and he was perfect, so everything is set." **Royal Assault** (Kris S.), **My Snookie's Boy** (Crafty Friend) and **Wimplestiltskin** (Petionville) are also confirmed for the Haskell. **Pie's Prospect** (Crafty Prospector), **Courageous Act** (Exploit), **Swingforthefences** (Boston Harbor) and **Tap Day** (Pleasant Tap) are still being considered.

FELINE FINE?

Aidan O'Brien's **One Cool Cat** (Storm Cat), who was found to have an irregular heartbeat after beating only one home in this term's G1 2000 Guineas at Newmarket May 1, may bid to redeem his reputation in this Sunday's G3 Phoenix Sprint S. at the Curragh. Last season's G1 Phoenix S. and G1 National S. winner missed the G1 Irish 2000 Guineas due to a minor infection, but returned to action in the G3 International S. at the Curragh July 17 where he finished fifth to Red Feather (Ire). If taking his place in the six furlong event, the sophomore will face a maximum 14 rivals.

CLASH OF THE TITANS

As the great Kentucky sires of the last 20 years have died off or retired, only the two Lane's End sires, [A.P. Indy](#) and [Kingmambo](#), have really emerged as true World Top 12 Sires. With Danehill dead, [Sadler's Wells](#), 23 and [Storm Cat](#), 21, a power vacuum exists at the top like never before. The stakes for success--financially--are unbelievably high. Every new successful sire, potentially The Next Big Thing, is scrutinized, considered by the experts, mulled over. In our brave new world of six percent stakes winners to foals, the sire who notches up 10 percent--or even better--has two Group 1 winners in each of his first two crops--is going to be greeted with almost messianic fervor.

Look at poor [Fasliyev](#). Twelve months ago, he looked like the next Fappiano, or Alydar--he'd made that good a start. Now he looks distinctly second fiddle to Cape Cross, runner-up as leading European freshman sire last year, and sire this year of dual Oaks winner Ouija Board. Now Cape Cross looks like The Next Big Thing.

I'll come back to these two in a minute, but first, let's review some recent history.

Coolmore and its American arm, Ashford, has been a stallion factory for more than 20 years, so it's not surprising that they've produced a contender for the World Top 12 list almost every year. [Thunder Gulch](#) (first foals 1997) had 16 stakes winners from 259 named foals in his first three crops (six percent stakes winners), including Spain and [Point Given](#), but he then went missing for that crop in Japan (foals of 2000), and has struggled to regain momentum, really, since his return. But by far his best-bred crop are two-year-olds of 2004, so you wouldn't want to discount his chances of re-emerging as a big name by this time next year. I wouldn't be in any hurry to 'lay' him, as they say nowadays, let's put it that way. But since Thunder Gulch, the leading new sire each year has not been

Coolmore's.

In a group which also included Unbridled's Song, Maria's Mon, [Smart Strike](#), and [Forest Wildcat](#), Coolmore's contender with first foals 1998 proved to be [Hennessy](#). He sired unbeaten world champion two-year-old Johannesburg in his first crop, and, though he hasn't proven a real Top 12 contender, Hennessy has shown he can sire real class on more than one occasion, such as the good filly Harmony Lodge this year.

But the best sire of the group whose first foals were born in 1998 is Pivotal. He, I think, really will be a Top 12 sire. Never before this year have his yearlings been produced off even a five-figure stud fee, yet he ended 2003 with an APEX A Runner Index of 3.83, and just in the last week he's had the winners of the G3 King George S. at Goodwood (Ringmoor Down), the Stewards' Cup (Pivotal Point), and his Ratio came back to win a Listed race in France.

His yearlings this year are certain to be undervalued considering he really is the top young sire in Europe. Oh, and Anabaa--the top young sire in France--also had his first foals in 1998 from this sire group.

The sire 'crop' with first foals 1999 is notable mostly because it marks the first time the Maktoum family had the group's leader, this being Dalham Hall's Singspiel--and marking the second year running that the crop's best sire stood in Europe. But this doesn't look an outstanding sire group. The top American sires, [Pulpit](#) and [Langfuhr](#), have both sired good horses, but maybe not enough of them. Coolmore's top contender that year was Entrepreneur (who does have the top two-year-old filly this year Damson), followed by Desert King (who did have the winners of both the Ascot Gold Cup and Melbourne Cup in his first crops); [Danehill Dancer](#), the 'keeper,' started at the bottom.

I've been touting the group whose first foals arrived in 2000, and are four-year-olds this year, as including some serious contenders. In a very deep group which also includes the Deputy Minister sons Awesome Again, Touch Gold, and Deputy Commander, Darley owns [Elusive Quality](#), the son of [Gone West](#) who stands at Gainsborough, and is the sire of Smarty

Jones; Ashford has [Grand Slam](#), another son of Gone West; and [Tale of the Cat](#), last year's North American champion sire of two-year-olds. In Europe, Coolmore has third-crop leader [Peintre Celebre](#). Then you have the group with their first three-year-olds, and really three sires who stand in Ireland head this group: the Maktoums' Cape Cross, Coolmore's Fasliyev, and Daylami. Which brings us up to date.

Sunshine State Sires...

Florida sires [Successful Appeal](#) and [Yes It's True](#) head the North American freshman sire list, and both look typically Sunshine State-precocious as far as siring those early two-year-olds. Successful Appeal's sire, Valid Appeal, was the signature Florida two-year-old sire, and Successful Appeal has won himself a ticket to Kentucky, where he will relocate to Walmac from Walmac South. Yes It's True will probably stay put, but being a grandson of Raja Baba, his Bold Ruler speed would be popular in Kentucky, too. Next on the freshman sire list is the powerful Ashford duo of [Fusaichi Pegasus](#) and [Giant's Causeway](#); the latter is also leading freshman sire (narrowly) in Europe. This is all actually pretty big news. It's not just about the battle to be leading freshman sire--those are just as often gone and forgotten 12 months later as not--nor is it just about whether Coolmore can maintain the upper hand in Sire Power given the number of stallions now produced by the Maktoums. No, it's about potential Top 12 sires. Everybody could use a couple more, after three years in a row where the top young sire is the Maktoums' (Singpiel, Elusive Quality, Cape Cross), Coolmore would really like to see Fusaichi Pegasus and Giant's Causeway keep going in the right direction. Ironically, it's the Classic Coolmore win-when-you-lose scenario. The good Giant's Causeway Shamardal is owned by Sheikh Maktoum's close associate, Abdullah Buhaleeba. You couldn't have a nicer guy own a top-class horse, either, so let's hope he goes on to be a real win-win colt for both camps.

Where Coolmore is hoping for Top 12 quality among its freshman sires of 2004--[Montjeu](#) is another who is showing flashes of star potential--quantity is more the name of the game for Maktoum connections this year. The ill-fated Dubai Millennium would literally have to emulate Seattle Slew's sire, Bold Reasoning, who had two crops of 60 foals in 1974-75, to have much long-term impact. His runners do look to have class, though, no doubt about that.

But how about this: of the 22 top freshman sires in Europe right now, no fewer than 10--45 percent--are Maktoum family stallions. Including Shadwell's and Derrinstown's, these include: Xaar, Diktat, Almutawakel, Lujain, Bachir, Dubai Millennium, Lend A Hand, Josr Algharoud, Mujahid, and King's Best. I like that last horse, too. In fact, there's a little group, ranked 19-22 in Europe right now, and I reckon all four of them could turn out to be big names later on: Sinndar, Montjeu, Fusaichi Pegasus, and King's Best. The other major first-crop Kingmambo son, [Lemon Drop Kid](#), has just one winner from six starters so far (33rd). But I reckon both he and King's Best look like they're siring three-year-olds, and in fact both have pedigree reasons for doing that.

[War Chant](#)'s first winner came in the right company: the Prix Yacowlef at Deauville, a Listed Race for unraced maidens, which the filly Speciale won, looking pretty speciale, we heard.

Saratoga...

It's August now: off to your Spas, as many as possible: Del Mar, Deauville, and Saratoga. Three years ago, a month before September 11, the Saratoga sale shot through the rafters: \$62-million gross, \$385,000 average. Then the gross dropped 40 percent, to \$35 million, in 2002--ironically, the last year of Keeneland July. Then it rebounded to \$48 million, which seemed more 'normal,' last year. It's a small market, but of course the most select so far. Mike Brown at *Racing Update* isn't looking for big gains--single-digit increases, he thinks. Since he predicted Fasig July would gross \$38,450,000, and it actually grossed \$38,620,000--he was off by less than a half of one percent--we'd better be paying attention to what he thinks. Good call, Mike. Where'd you learn to do that?

When Coronado's Quest retired to stud he appeared to have all the tools for stallion success. At two, he won five of six starts, including the GIII Nashua S., GII Cowdin S.--while equalling Saratoga's 6½-furlong track record--and GII Remsen S., by five lengths. Early in his three-year-old career he displayed a somewhat mercurial temperament, but came around in time to put together a string of impressive victories, taking the GII Wood Memorial S., the GII Riva Ridge S., GII Dywer S., GI Haskell Invitational H. and GI Travers S.

Coronado's Quest's pedigree was equally impressive. By Forty Niner, then a particularly hot sire of sires, principally through the deeds of record-breaking freshman End Sweep, he was out of a three-parts sister to the GI Wood Memorial S. victor and Grade I sire, Private Terms, and his granddam was a three-parts sister to Ruffian and half sister to Icecapade.

Performance and pedigree are two vital credentials for a stallion, but they are no guarantee of success. That point was amply demonstrated by the early career of Coronado's Quest. Coronado's Quest did have 13 two-year-old winners in his first crop, which reached the track in 2002, and three of that crop did capture stakes at two. It didn't help, however, that two of those horses, the G2 Royal Lodge S. victor Jadeed, and Battle Chant, captured their stakes in England. Allspice, Coronado's Quest's only U.S. first crop juvenile stakes winner did go on to take the GIII Sixty Sails H. at three last year, and in October, Society Selection, a member of Coronado's Quest's second crop, gave her sire his first Grade I score with a victory in the GI Frizette S.

It proved to be a little too late, however, and just one week after Society Selection's win came the news that Coronado's Quest had been sold to follow his sire to Japan.

Often, when a stallion dies or is exported, he immediately seems to come up with a slew of major winners. That, however, hasn't been the case with Coronado's Quest, who has added only two new stakes winners, the GII Davona Dale S. victress Miss Coronado, and the Manatee, a three-time stakes winner at Tampa and Calder this year since leaving the country. Society Selection herself had met with mixed fortune since her initial Grade I win, but after a triumph in the GIII Comely S., and a second in the GI Acorn S., she added another Grade I to her resume with a 6¼-length win in Saturday's Test S.

Oddly enough, a look at Coronado's Quest's top runners reveals a lot of European influences. Allspice is out of a mare by Sadler's Wells, Miss Coronado out of a mare by Caerleon and Al Jadeed out of a mare by Riverman. The background of Society Selection, however, is far more typical of a U.S. dirt runner. She is the first foal of her dam, Love That Jazz, a daughter of Dixieland Band who captured three stakes events, including the GIII Vernon O. Underwood and also took second in the GI Breeders' Cup Juvenile Fillies.

Out of the Mr. Prospector mare Love From Mom, Love That Jazz is half sister to three other graded stakes winners: Sea of Secrets (Storm Cat), winner of the GII San Vicente S.; Dancing Jon (Gate Dancer), successful in the GIII Board of Governors' H.; and Fight For Lover (by Fit to Fight), who took the GIII Broward H. Love From Mom was unraced, but she is a sister to the stakes winner and graded stakes placed Raise a Prospector (granddam of graded stakes winner Dominique's Joy). Her dam, Hoso, won five black-type events, including the GII Fantasy S. and she is out of Holly-O., a mare who took such contests as the Black-Eyed Susan S. and Barbara Fritchie H. in an era prior to the advent of the graded system.

The mating which produced Society Selection was a very logical one. Her broodmare sire, Dixieland Band, has sired at least 14 stakes winners out of Mr. Prospector-line mares and it's no surprise that reversing that cross is also beginning to pay dividends.

Alan Porter cont.

There are already at least 16 stakes winners bred on a Mr. Prospector/Dixieland Band cross, including additional GISW Dream Supreme, and other graded scorers, Pollard's Vision, Limehouse, Betty's Wish, Could Be, Don't Tell the Kids and American Boss. Of course this is a version of the massively successful Mr. Prospector/Northern Dancer cross. As a Mr. Prospector line-horse free of Northern Dancer, Coronado's Quest attracted more than his share of mares from this line, and four of his six stakes winners are products of Northern Dancer-line mares.

More interesting is that Society Selection is one of a fast growing band of stakes winners with inbreeding to Mr. Prospector. In her case the Mr. Prospector inbreeding appears 3x3 through the male line of the sire, and through a daughter in the male line of the mare. There are some interesting trends appearing with Mr. Prospector inbreeding. Of the first 76 stakes winners with that horse doubled, 18 are inbred via Fappiano and other son strain; 24 through sons other than Fappiano, and 34 through a son and daughter. The distinctions become even more marked when we look at the first 26 group or graded stakes winners inbred to Mr. Prospector. There only three have male/male inbreeding where Fappiano is not involved; eight have Fappiano and another son; and 15 have a son and a daughter. Of those 15, eight have the "top and bottom" pattern found in Society Selection, including her fellow Grade I scorer Storming Home, and other graded winners Limehouse, Country Hide-away and Read the Footnotes.

SOUVENIR COPY TO GOLDEN EAGLE FARM

MGSW **Souvenir Copy** (Mr. Prospector--Dancing Tribute, by Nureyev) was moved yesterday from Hopewell Farm in Midway, Kentucky to Golden Eagle Farm in Ramona, California to stand the 2005 breeding season. "We are excited about Souvenir Copy's arrival and feel that he is an excellent addition to California's breeding and racing program," said Janine McCullough of Golden Eagle Farm. Souvenir Copy has sired nine stakes horses thus far, including Souvenir Gift, undefeated winner of the recent GIII Landaluce S. Souvenir Copy's stud fee will be announced at a later date.

West Virginia in Line for New York Bonus:

West Virginia (Tomorrows Cat) enters today's Cab Calloway Division of the New York Stallion Series for three-year-old colts and geldings with a chance to earn a \$100,000 bonus for owners Donald and Mary Zuckerman. The dark bay colt has already won the first two races of the series: the Great White Way S. for two-year-olds last November and the Times Square S. for three-year-olds in April. "It could definitely be a big payday if we can win it here," admitted trainer Todd Pletcher. "It's definitely something to look forward to." West Virginia has not raced since finishing fourth in the June 26 Mike Lee S. "The Mike Lee was an ideal spot for him at the time," Pletcher said. "But the seven furlongs may have been a little too short for him because he made a strong late move near the end. Still, it was a respectable finish for what he had to do. He should improve off of the Mike Lee, especially with the way he has been training as of late." The nine-furlong Cab Calloway has attracted a field of 10 and is carded as the day's eighth race.

The dual classic winner will be paraded down the home stretch sometime during the middle of the racing program. Martaline won last season's G2 Prix Maurice de Nieuil, but was unsuccessful in all four subsequent starts, including a last-out fifth in the G2 Jockey Club S. at Newmarket May 2. Stepped down in class for this, he duly obliged in commanding style, wiring the field as the 8-5 favorite. Sent into an immediate lead by man-of-the-moment Gary Stevens, Martaline was allowed to dictate on his own terms and, with Stevens enjoying an armchair ride, cruised to the line inside the final furlong to defeat Kindjhal by more than the official winning margin would imply. The winner is from the immediate family of Group 1 winners Wemyss Bight (GB), Beat Hollow (GB), Zenda (GB) and Oasis Dream (GB).

Deauville, 3.50, Cond, €31,000, 3yo, 6fT, 1:11.30, gd/sf. **NIGHT CHAPTER (GB) (c, 3, Night Shift--Context {GB}), by Zafonic** relinquished maidenhood in the last of five juvenile starts at Saint-Cloud in October and finished fifth on his sophomore bow, his only other start, at Maisons-Laffitte June 18. Stalking the lead in a close-up fourth, the 34-5 chance was pushed to the front approaching the final furlong and ran on well in the latter stages to comfortably account for Leila (Fr) (Lahint) by two lengths. The 50-1 outsider was ridden along when pressed by King Kasyapa (Ire) (Darshaan {GB}) with 1 1/2 furlongs remaining and was pushed out inside the last 100 yards to deny that rallying rival by a neck. +**FINAL RANSOM (f, 2, Red Ransom--Last Approach {GSW-US, \$280,528}, by Far Out East)**, a 24-1 outsider in her debut, was settled in rear for much of this contest before gaining forward momentum on the inside once into the home straight. Ridden along to challenge at the eighth peg, she ran on well under tender handling in the closing stages to account for Shaduf (Pleasant Tap) by a neck. Lifetime Record: 1 start, 1 win, €9,000.

NEW TATTERSALLS SALES RACE

Tattersalls has announced the creation of Europe's most valuable sales race, the six-furlong £250,000 Tattersalls October Auction S., to be held at Newmarket Sept. 29, 2005. The race will be restricted to horses sold 'under the hammer' at this year's October Yearling Sale Part 2 and replaces the £100,000 Tattersalls Autumn Auction S. "Part 2 of the October Yearling Sale has been completely transformed this year to be the largest yearling sale in Europe, and we felt that it was appropriate to have a correspondingly valuable race open only to horses bought at the sale," commented Tattersalls Chairman Edmond Mahony. "Tattersalls was the first British sales company to embrace the 'sales race' concept and the enduring popularity of our races has encouraged us yet again to stage the most valuable one in Europe. Newmarket Racecourse was understandably enthusiastic to see the prize money increase from £100,000 to £250,000, and at the same time shares our commitment to keep the entry fees to a minimum." The new race takes place on the same card as the G1 Cheveley Park S.

ON THE ROAD AGAIN

The Sir Mark Prescott-trained **Masafi (Ire)** (Desert King {Ire}), who rattled up a sequence of seven straight wins in 17 days when successful at Carlisle July 29, returns to the fold today in the £30,000 John Smith's Brighton Mile Challenge Handicap Trophy at Brighton. Tucked away in rear initially, the €8,500 TATIRE yearling and 10,000gns TATAPR two-year-old was ridden into a clear lead inside the final quarter mile and ran on strongly in the later stages to defeat Mulberry Lad (Ire) (Entrepreneur {GB}) by an easy six lengths. The victor is a half to Run and Gun (Ire) (Lomond), GSW-Fr, \$212,552. Lifetime Record: 2-1-0-0, £4,007.

AMATEUR BIDS FOR LANDMARK SUCCESS

Giuseppe Molteni, a 74-year-old amateur rider, tonight bids for a remarkable 1,000th career success aboard Zandicular (GB) (Forzando {GB}), who he also trains, at his local track Varese. Molteni secured his first win at Milan's San Siro in October 1947 and has traveled the length and breadth of Italy to contest amateur races throughout his 57-year career. He reached the 900-winner milestone 10 years ago and recorded his 999th winner at Merano last Sunday. The pensioner, who trains a string of approximately 10 horses, retired from business some years ago, but has no plans to retire from the saddle just yet.
