BREEDING DIGEST: EAST AND WEST SIDES TO BERNSTEIN STORY

Bernstein at Castleton Lyons | Horsephotos

by Chris McGrath

When he succumbed to colic in October 2011, aged just 14, there was a poignant sense that Bernstein had never quite lived up to his glamorous billing.

He was a celebrity even as an embryo, carried through the Keeneland ring at the 1996 November Sale by a \$1.9 million mare--La Affirmed (Affirmed), the second most expensive broodmare auctioned in America that year--as a full-sibling to two graded stakes winners by Storm Cat. On his safe delivery, his dam's purchasers at Brushwood Farm sent Bernstein back the following November to defray much of that investment as much the priciest weanling of his crop, at \$925,000. (Brushwood would go on to make a terrific bargain of La Affirmed, though rising 14 at the time of her purchase. One of her later Storm Cat yearlings, in fact, would bring \$5.5 million on his own.)

Bernstein looked worth every cent when blitzing his pursuers in his first two starts for Ballydoyle. But he emptied quickly when stepped up in class and distance on soft ground next time, and finished stone last when resurfacing in the G1 2,000 Guineas the following spring. His remaining four starts, spread between five and nine furlongs, suggested him to have become a real puzzle.

INTO MISCHIEF ANCHORS SPENDTHRIFT'S 2025 STALLION ROSTER

Spendthrift Farm's unstoppable Into Mischief, the five-time leading sire who is on target for a sixth consecutive title in 2024, will again lead the farm's stallion roster for the upcoming breeding season. He will stand the 2025 season for \$250,000 stands and nurses, the same fee he held in 2024. With more than two months remaining in 2024, Into Mischief's current earnings of \$29,720,854 have already surpassed his previous record of \$28,122,550, set in 2022. His five Grade I winners in 2024 include Dubai World Cup winner Laurel River, as well as Leslie's Rose, Citizen Bull, Gina Romantica, and Newgate in the U.S.

"Into Mischief continues to push into uncharted territory in the long and rich history of stallions in this industry," said Spendthrift General Manager Ned Toffey.

Breeding Digest, cont. from p1

While he did manage to win a couple of times, it was pretty hard work despite an ease in grade, and he had meanwhile been thoroughly eclipsed at Ballydoyle by another son of Storm Cat in Giant's Causeway. (The latter's dam, incidentally, had been the only broodmare to make more than La Affirmed at an American auction in 1996.)

Bernstein was duly sold back to his native state to start a stud career at Buck Pond Farm. But an anti-climactic career on European grass made it tough to compete with other sons of Storm Cat that had made their reputations locally, and his first three Kentucky crops (at a fee between \$10,000 and \$7,500) aggregated to no more than 109 live foals.

Nonetheless his first juveniles included a graded stakes winner, and sufficient glimpses of further promise to earn a transfer for 2005 to Castleton Lyons at a time when that farm had high ambition for its stallion roster. (Malibu Moon, for one, had arrived from Maryland not long before.) From his new base Bernstein produced a couple of domestic Grade I winners, Dream Empress and Miss World, plus Goshawk Ken in Japan, but none of those really consolidated. It was only in Argentina, where his shuttle crops had produced a series of champions, that his premature loss could be grieved as depriving breeders of an important influence.

As so often happens, however, Bernstein had already planted the seeds of his redemption. His final crop, comprising 80 live foals, turned out to contain a colt and filly that would between them transform his legacy. On the racetrack, they won consecutive runnings of the GI Breeders' Cup Mile and now, following a remarkable few days either side of the Atlantic, they have suddenly raised our debt to their sire to fresh heights.

First came the poignant success at Newmarket of Delacroix (Ire) (Dubawi {Ire}), the final foal out of Bernstein's outstanding miler Tepin--just six days after his 3-year-old half-sister Grateful (Ire) (Galileo {Ire}) had won the G1 Prix de Royallieu. Then, a few hours later at Keeneland, She Feels Pretty became the second Grade I winner by his standout male heir, **Karakontie (Jpn)**, in the Queen Elizabeth II Challenge Cup. We'll give each due consideration shortly, but for now let's just remind ourselves of their shared inheritance.

For Bernstein represents one of the cornerstone formulas of the modern American breed, his fourth dam Busanda having branded one of several key lines (such as those associated with Striking and Searching) tracing to the combination of War Admiral with daughters of La Troienne (Fr).

In drawing on the constitution and stamina she had shown on the track (if only when in the mood), Busanda's principal bequest was the legendary distaff influence Buckpasser. **Cont.**

But it is her daughter by Nasrullah, a modest runner named Finance, who demands our attention here.

After some early struggles in the breeding shed, failing to produce a live foal in five attempts, Finance eventually produced three moderate sons and, with what proved to be her final chance, a daughter by Round Table. This was La Mesa, whose own limitations as a racehorse would be effaced by several daughters that became good winners and/or producers from Harbor View Farm, notably champion juvenile filly Outstandingly (Exclusive Native) and La Affirmed herself.

In addition to Bernstein, La Affirmed produced Classic-placed Della Francesca (Danzig); Emmaus (Silver Deputy), the dam of Wiseman's Ferry; plus those two other graded stakes winners by Storm Cat, Country Cat and Caress. The latter has particularly assisted the family, as dam of one stalwart Kentucky stallion **Sky Mesa** (Pulpit) and second dam of a younger gun in **Maxfield (Street Sense)**.

Obviously the dams of Tepin and **Karakontie** brought plenty to the equation themselves, especially the latter as a granddaughter of the mighty Miesque; and, as we'll see in a moment, She Feels Pretty comes from a remarkable line of her own. Nonetheless it's gratifying to see that the real Bernstein was the one who disappeared after his first couple of starts, and that his posthumous rehabilitation remains ongoing.

A Pretty Amazing Family

Karakontie, by Bernstein | *Gainesway*

The first thing to say about **Karakontie**'s big Keeneland winner is that Lael Stables were "witty and bright" in evoking "I Feel Pretty"--the West Side Story song written by Leonard Bernstein and Stephen Sondheim--for a filly by a son of Bernstein out of a mare named Summer Sweet. **Cont.**

More pertinently, perhaps, She Feels Pretty had a significant head start in life, raised as she was on Stone Farm for breeders Payson Stud. She duly made more than all but one of **Karakontie's** fifth-crop yearlings in 2022, bringing \$240,000 as Hip 2466 at the September Sale.

As we all know, it's tough to stand a turf horse in the Bluegrass. But Antony Beck and his team at Gainesway understand not only that every roster benefits from balance, but also that someday commercial breeders must finally recall how their more enlightened predecessors grasped the transferability of sheer class.

Karakontie has perhaps the most cosmopolitan pedigree in Kentucky. As intimated above, his granddam shares with Kingmambo and East of The Moon the honor of having been suckled by Miesque; his own mother was by Sunday Silence, himself raised at Stone Farm and later the transformer of the Japanese breed; and of course Bernstein extends a branch of the international Storm Cat sire line. All this told in the acceleration that secured

Karakontie a juvenile Group 1 and mile Classic in France, before a dashing win on a faster surface at the Breeders' Cup.

The breeders of She Feels Pretty appear to have prized the formula that produced **Karakontie's** dam, Sun Is Up (Jpn): she was by a son of Halo (Sunday Silence, as noted) out of a Woodman mare; and so, too, was Summer Sweet's sire More Than Ready (who was by Southern Halo). Underpinning that symmetry, moreover, is a bottom line that reconciles the Niarchos family's work with Miesque to one of the earlier endeavors of their program's founder.

For it was Stavros Niarchos who acquired the sixth dam of She Feels Pretty, G1 1,000 Guineas runner-up Konafa, for \$625,000 at the Keeneland November Sale of 1980. She was by Damascus out of Royal Statute (Northern Dancer), the E.P. Taylor mare who subsequently tied together the pedigrees of Pour Moi (Ire), Lammtarra and Golden Sixty among many others.

The Mr. Prospector filly Konafa was carrying at the time was named Proskona by Niarchos, and went on to win a couple of Group races in Europe. Konafa's next foal was Korveya (Riverman), later sold to British breeder Gerald Leigh after failing to reach her reserve at \$700,000 at the 1989 Keeneland November Sale. It would turn out that Korveya already had two colts on the ground who would each win the G1 Poule d'Essai des Poulains for Niarchos: her yearling by Woodman became Hector Protector; and her Procida weanling, Shanghai. Leigh himself proceeded to breed another Classic winner from Korveya, in Hector Protector's sister Bosra Sham, and had

unsurprisingly returned the mare to Woodman to sell her (albeit to partners already in the mare) for a record-equalling \$7 million back at Keeneland in 1998, when she was already 16.

Unsurprisingly Leigh formed quite an attachment to this family! He had also ended up buying Proskona, and later went back to Niarchos for Proskona's granddaughter Summer Sonnet (GB) (Baillamont). From the latter he bred a top-class colt in Act One (GB) (In The Wings {GB}), only ever beaten by one horse, Sulamani (Ire), in what

proved his swansong in the G1 Prix du Jockey-Club. Leigh died soon after, the bulk of his equine program being sold off to Sheikh Mohammed in a colossal private deal.

Prior to Act One, Summer Sonnet had produced a couple of useful fillies by Caerleon: Summer Symphony (Ire), a Group 1 runner-up at two, and stakes winner Summer Solstice (Ire), who was astutely included among the stock retained by Leigh's daughter Sarah.

Summer Solstice produced two stakes-winning sons plus a daughter, Summer Solo (Arch), who won her first three and ran third in the GI Belmont Oaks on her only other start. After Sarah Leigh's death in 2015, Virginia Kraft Payson recognized the quality condensed in this remnant of the line. When Summer Solo went under the hammer at the 2016 January Sale, in a part dispersal of Sarah Leigh's estate, the Payson Stud team duly paid \$700,000 to top the auction. **Cont.**

Moreover they also paid the next highest price of the sale, \$550,000, for Summer Solo's half-sister by More Than Ready, who had just turned two.

Summer Solo has since produced a couple of useful fillies in GII Demoiselle Stakes runner-up Maedean (**Tapit**) and GIII Selene Stakes winner Solo Album (**Curlin**). The More Than Ready filly, for her part, took 11 attempts to break her maiden (on dirt) before later adding a Belmont allowance on grass. But she is Summer Sweet, and She Feels Pretty is only her second foal.

Full marks to **Karakontie**, for his contribution. He has maintained a very healthy ratio of stakes action, relative to his opportunities, throughout his stud career. Given the quality of his blood, indeed, it would be marvelous to see him find a male heir. For now, his three principal achievers remain female: Spendarella, his first Grade I winner in the Del Mar Oaks last year; multiple graded stakes winner and millionaire Princess Grace; and now She Feels Pretty.

Nonetheless we must cede the principal laurels for last Saturday to the winner's maternal line. That's because, incredibly, it had actually claimed the same race last year, as well: Proskona, as noted the fifth dam of She Feels Pretty, is also the third dam of Mawj (Ire) (Exceed And Excel {Aus}), who in 2023 followed up her G1 1,000 Guineas success in the Queen Elizabeth II Challenge Cup.

Mawj, of course, is half-sister to Modern Games (Ire) (Dubawi {Ire}). Some family, however, when two even Classic winners out of the same mare must be counted old news! Consecutive winners of this cherished prize, however, represents a fresh and pretty remarkable distinction.

Tepin's Parting Flourish

Much like her sire, meanwhile, Tepin has quickly magnified her legacy after a tragically premature exit. **Cont.**

Breeding Digest, cont.

Her loss last year must have shattered her owners at Coolmore, who had paid \$8 million for the champion racemare carrying a first foal by **Curlin** at Fasig-Tipton in November 2017. Any kind of silver lining was hard to find: her first two foals failed to make the track, and none was registered for 2020. Perhaps the next one, **Grateful (Ire)** (Galileo {Ire}), was named for the fact that Tepin was at least producing daughters that might yet replicate her prowess. But she finished down the field in her only juvenile start, by which stage her owners must have felt thankful only for the smallest mercies.

Things feel very different now. **Grateful** herself, for a start, has repeatedly regrouped whenever she has had reverse, startlingly so as her stamina was drawn out. If that suggests a greater inheritance from her sire, so be it. She now hastens to the paddocks, where she will not lack suitors eligible to supply some extra dash. But the big news meanwhile is that **Dubawi** appears to have given Tepin's final foal, and only son, rather more of those attributes that might entitle him to diffuse her legacy with a stud career.

Green on debut, **Delacroix** made all over seven furlongs on fast ground next time. And while he still looked raw when promoted to Group company, closing late, he looked a lot more professional last weekend, dragging another smart prospect well clear.

To be fair, the seeding of his maternal family has been entrusted to speed brands: **Bernstein** himself, obviously, in the case of the dam; while **Tepin** was out of a mare by another **Ballydoyle** sprinter in **Stravinsky**. The latter did not last the course, in time moved on to Japan, but his footprint in Europe was certainly all speed: think **Soldier's Tale**, **Balmont**, **Benbaun (Ire)**.

His daughter **Life Happened**, famously found for just \$4,500 by **Machmer Hall** before producing **Tepin** (as well as **Into Mischief's** early star **Vyjack**), was unraced but her dam **Round It Off** (by **Moccasin's** son **Apalachee**) had been stakes-placed over five furlongs of turf.

Round It Off additionally produced dual graded stakes winner **Disco Rico (Citidancer)** to be champion Maryland-bred sprinter of 2001. And her own dam was a graded stakes-placed (6f) daughter of the hardy Maryland mare **Turn Capp (Turn to Reason)**, whose 20-for-44 career featured three minor stakes including at six furlongs. **Turn Capp** also features in the pedigree of that fast horse **Smoke Glacken**, as third dam.

None of this, naturally, will have been lost on the Coolmore team, who went all-in for **Tepin** after identifying speed-packing mares as the ideal complement to **Galileo**. But it may turn out that switching her to their former antagonists' top gun **Dubawi**--who has always imparted far more zest than his dour maternal seeding might suggest--has redeemed **Tepin's** sadly abbreviated contribution to their program.

Spendthrift 2025 fees, cont. from p1

Toffey continued: "He's not only on track to claim his sixth consecutive champion General Sire title, but he's also reinforcing that high level of success on the racetrack while maintaining remarkable results at the sales. Of his five Grade I winners in 2024, four are new Grade I winners this year, bringing his career total to 22. He's truly a once-in-a-generation sire."

Spendthrift will stand 28 stallions in addition to **Into Mischief**, including three new stallions for the upcoming breeding season. GI Belmont Stakes and GI Haskell Stakes winner **Dornoch was retired** at the end of September following a training setback; GI Stephen Foster Stakes winner **Kingsbarns was retired** in August; and breeding rights to GI Preakness Stakes and GI Pegasus World Cup Invitational winner **National Treasure were acquired** by **Spendthrift** early this year. **Dornoch**, a son of **Good Magic** and a full-brother to GI Kentucky Derby winner **Mage**, will stand for \$40,000, while **Kingsbarns**, by **Uncle Mo**, will stand for \$20,000. **National Treasure**, who is a son of **Quality Road** and is pointing to the GI Breeders' Cup Dirt Mile Nov. 2, will have his introductory fee announced after the Breeders' Cup. **Cont.**

CYBERKNIFE FILLY TOPS FASIG-TIPTON

SARATOGA FALL MIXED SALE *by Jessica Martini*

A filly from the first crop of multiple Grade I winner Cyberknife (**Gun Runner**) (hip 301) topped the Fasig-Tipton Saratoga Fall Mixed Sale when selling for a record-tying \$230,000 in upstate New York Tuesday. The weanling, out of D'Fashion (D'wildcat), is a half-sister to stakes winner and graded-placed Strategic Dreams (Archarcharch). She was consigned by Gracie Bloodstock on behalf of her breeder, Dr. Jerry Bilinski's Waldorf Farm and was purchased by Diamond I.

"We always liked the filly," said consignor Chris Gracie. "I saw her over the summer and worked with Stuart Morris and Dr. Bilinski and we all thought she was a really nice filly from the beginning. She was prepped over there at Dr. Bilinski's farm and they did a really great job. She looked great when she got here and I think people responded to her as soon as they saw her."

Waldorf Farm purchased D'Fashion, in foal to **Game Winner**, for \$75,000 at the 2022 Keeneland November sale. The mare's **Game Winner** colt sold for \$180,000 at last year's Fasig-Tipton November sale and resold for \$450,000 at last month's Keeneland September sale. D'Fashion was bred back to Taiba, another son of **Gun Runner**, this year.

The sale topper was one of eight to bring six figures during the one-session auction. Nine reached that mark a year ago. Six of the six-figure weanlings were by first-crop sires, with Early Voting, **Jack Christopher**, and **Corniche** joining Cyberknife with a weanling each to sell for over \$100,000. **Drain the Clock** had a pair pass that threshold.

"I think the first-year sires are always appealing to people," Gracie said. "But Cyberknife himself is making nice babies. They are very well-balanced with beautiful top lines. And she was a really good representation of the stallion."

During the one-session auction, 148 horses sold for \$3,939,500. The average was \$26,618 and the median was \$15,000--both down slightly from 2023 figures which saw 157 head gross \$4,597,200 for an average of \$29,282 and a median of \$20,000.

From a catalogue of 315, 250 horses went through the ring with 102 failing to meet their reserves for a buy-back rate of 40.8%. It was 35.6% a year ago.

"I think the top end of the weanling market here was strong," Gracie said. "I think people were having a hard time buying some of these horses. So, as a whole, I thought it was pretty good. It's the way this market is up here. It is a great place to buy babies. Everyone comes here to shop New York-breds and you saw all of the people you'd expect to be here." **Cont.**

NYTHA SCHOLARSHIP FUND ANNOUNCES DISTRIBUTION FOR 2024-25 ACADEMIC YEAR

The New York Thoroughbred Horsemen's Association (NYTHA) Scholarship Fund distributed \$183,000 to 36 students for the 2024-25 academic year.

"It's heartwarming to see what an impact we can have on the lives of young people," said NYTHA President Tina Marie Bond. "Education has long been the springboard to a successful future. Some of our graduates have become veterinarians, others work in medicine, and one has even become a pilot with JetBlue."

NYTHA Scholarships are available to backstretch workers or their direct dependants. Established in 2008, the Fund has assisted nearly 700 students in that timeframe while allocating \$2.9 million to their higher education pursuits. **Cont.**

In addition to granting scholarships, NYTHA provides applicants with one-on-one sessions with financial aid consultants. The consultants assist students in exploring additional academic funding options, and sourced nearly \$300,000 in other grants to help cover the ever-rising costs of higher education.

One of the scholarship recipients, Matthew Fuertes, is currently pursuing a graduate degree in Aerospace Engineering at the Georgia Institute of Technology.

“Thanks to NYTHA’s assistance, I have been able to afford essential items like transportation, food, supplies, and many other necessities as I go through college...As a first-generation student from a low-income immigrant family, I will be the first in my family to achieve a PhD, and this would not have been possible without NYTHA’s support.”

Another student, Jocelin Narciso Molina, is on her way to earning a Master’s in Social Work at Stony Brook University.

“As the child of immigrants who have worked tirelessly as hotwalkers on the backstretch at Belmont, I have seen firsthand the impact of NYTHA’s generosity on families like mine,” she said.

Dionne Johnson, NYTHA’s Business Manager, has helped steward the program since its inception.

“Over the years, this has been such a meaningful part of my work here at NYTHA,” she said. “We get to know the families and understand how significant a college degree can be. These families are the backbone of New York racing, and our mission is to support the people and families that dedicate their lives to caring for the horses.”

AVERAGE WAGERING PER RACE UP AS HASTINGS CLOSES FOR SEASON

The 2024 racing season at Hastings Racecourse wrapped up Oct. 13 with average wagering per race increasing 7.8%. Total wagering for the season of \$21,531,203 showed a 4% decline from last year, primarily due to one fewer racing day and 36 fewer races in 2024.

"We were quite pleased with some of the increases and progress we saw this year," said Dawn Lupul, Manager of Racing and Communications at BC Racebook. "We made some changes to the schedule with the addition of Friday nights and were on FanDuel TV on a regular basis this year, providing additional access to the core horse racing and sporting fans. We are so thankful to the fans for another great season."

Amadeo Perez secured the leading jockey title with 62 wins, while Steve Henson won the leading trainer title with 51 wins. Hastings will kick off the 2025 season in the spring.

EGOLI AMONG HIGHLIGHTS IN BROODMARE DIVISION OF THE 2024 RRP THOROUGHBRED MAKEOVER

Barrel racer Egoli, a daughter of **Quality Road**, highlighted this year's broodmare division of the 2024 Retired Racehorse Project Thoroughbred Makeover. The 8-year-old not only claimed first place among broodmares but also posted the fastest time of any competitor--retired racehorses included.

Co-sponsored by Claiborne Farm and Lane’s End Farm, the Broodmare Division returned for its second official year, offering \$10,000 in prize money and showcasing the post-breeding potential of mares.

“Egoli’s success at the 2024 Makeover demonstrates the vast, untapped potential broodmares possess beyond the breeding shed,” said Kyle Rothfus, President and Co-Founder of Mareworthy Charities. “We’re proud to be part of this movement, showcasing how mares can thrive in second or even third careers.”

IN ORDER OF PURSE:

DR RUBEN M (c, 2, Vino Rosso--Xoxo {GSP, \$142,650}, by Majestic Warrior), who missed by just a nose when second while debuting over the lawn at Santa Anita June 13, checked in fifth after stumbling at the start going five furlongs over the main track at Del Mar July 20 and was most recently second when stretched to a mile at Del Mar Aug. 24. Sent off at 7-1, the chestnut colt grabbed the lead into the first turn and was in charge through a quarter in :22.82 and a half in :47.13. Four lengths in front at the top of the lane, he held off his late-closing stablemate Rank (**Honor A.P.**) to graduate by 3/4 lengths. Dr Ruben Me was a \$150,000 KEESEP yearling. Xoxo produced fillies by Known Agenda in 2023 and 2024 and was bred back to Vino Rosso this year. **Click for the Equibase.com chart or VIDEO, sponsored by FanDuel TV.** Lifetime Record: 4-1-2-0, \$59,700. ICAN (c, 2, Preservationist--We Love Lucy, by Majesticperfection) was never in the mix after getting bumped at the break in his ninth-place debut effort at Churchill Downs Sept. 12. The 9-2 shot pressed the pace three wide down the backstretch, but fell back slightly on the turn. He surged to the lead with a three-wide move into the lane and strode clear to graduate by 6 1/2 lengths. Ican is a half-brother to Reasoned Analysis (**Upstart**), SW, \$165,300. He has a yearling half-brother by **Complexity** who RNA'd for \$250,000 at last month's Keeneland September sale. His dam was bred to **McKinzie** this year. EVENING EDGE (f, 2, Competitive Edge--Evening Show {SP, \$237,664}, by Master Command), let go at 3-1, was just off the early leaders down the backstretch, but was ridden to maintain her position while falling off the pace into the far turn. She was back into contention into the stretch, but looked one-paced until suddenly finding another gear and charging up the rail to win going away by 1 1/4 lengths. Fleet Street (Street Boss) was second. Evening Edge is a half-sister to Closing Act (**Munnings**), MSW & GSP, \$261,999. ELLIOTT LAUDS TATTERSALLS FOR "HOLD MY BEER" FLEX DURING BOUNTIFUL BOOK 2

Alex Elliott: "Tatts has almost gone, 'hold my beer.' I never thought it would be this strong." | *Tattersalls*

By Brian Sheerin

Alex Elliott lauded Tattersalls for its "hold my beer" flex during Book 1 and 2 of the October Yearling Sale after the leading bloodstock agent signed for the 600,000gns Too Darn Hot (GB) joint-top lot on Tuesday for Amo Racing and Al Shaqab from Appletree Stud.

One of the stories to emerge from Park Paddocks throughout Book 1 and 2 has been the strength of Amo and Al Shaqab while Elliott, who has now become something of a super agent, revealed that the figures floating around the ring over the past 10 days or so have even exceeded his loftiest expectations for the sales.

"These horses, I've never seen anything like it," he said. "It's a bit like being back in the States. I thought Saratoga was the strongest yearling sale that I have ever been to but step aside. Tatts has almost gone, 'hold my beer.' I never thought it would be this strong." [Cont. p3](#)

IRISH OAKS WINNER YOU GOT TO ME TO BE OFFERED AT TATTERSALLS DECEMBER MARES SALE

Irish Oaks winner **You Got To Me (GB)** will be offered at the forthcoming Tattersalls December Mares Sale, which takes place from December 2-5, the sales company announced on Tuesday. The daughter of Nathaniel (Ire) will feature in the third edition of the Sceptre Sessions, which will be held over the first two days of the sale.

Bred by Dullingham Park Stud and Sarabex, You Got To Me first sold for 62,000gns at the Tattersalls December Foal Sale and was later bought by Alex Elliott for 200,000gns at Book 1 of the Tattersalls October Yearling Sale. The winner of the Lingfield Oaks Trial before finishing fourth at Epsom in the Oaks, she then beat Content (Ire) (Galileo {Ire}) to win the Irish Oaks before filling the runner-up spot behind that same filly in the Yorkshire Oaks. Tattersalls October Book 2 Cont. from p1

The knock-on effect of such trade means that not every one of Elliott's buyers are enjoying as much luck. Valmont, for example, who up until these past couple of weeks would have been viewed as Elliott's biggest-spending ownership vehicle, has struggled at times.

He continued, "It's great when you've got a team of super powers teaming up together. That's great. But I also have a lot of clients who are very frustrated because they've had to put a bit of a lid on. For example, Valmont has to value them correctly. But isn't it [the market] great?"

The Too Darn Hot homebred of Paul Dunkley's Appletree Stud hails from Galileo (Ire) mare Lola Paige (Ire) and Elliott had to see off some serious opposition to secure the joint sale-topper. Interestingly, the agent revealed that there may be some repercussions if the newly-formed partnership between Amo

and Al Shaqab don't come up with a good one on the racetrack following the record amount spent in the sales ring.

"Beautiful filly by Too Darn Hot, who is doing it all over the world and is out of a Galileo mare," Elliott continued. "She's for Amo and Al Shaqab--we're buying a lot of horses. Some heads could roll next year if these don't work out! I don't know who is going to train her but Kia [Joorabchian] and the Al Shaqab guys were very strong. It was a very strong price but we had to bid against David Ingordo, Newtown Anner, Ger Lyons, Lady Bamford and more."

Appletree Stud is the Cheltenham-based farm managed by former National Hunt jockey Robert 'Choc' Thornton, who enjoyed his fair share of success at the Festival

and will forever be associated with brilliant Champion Chaser Voy Por Ustedes and Stayers' Hurdle hero My Way De Solzen.

Tattersalls October Book 2 Cont.

You would think a man who has had the Cheltenham Festival crowd in the palm of his hand and experienced that roar that comes with guiding a short-priced favourite to victory at the meeting wouldn't be reduced to tears after a horse makes a pretty penny in the ring. Well, you'd have thought wrong as Thornton struggled to fight back the tears when searching for the right words to sum up the achievements of the stud.

"She's been a queen the whole way through," he said of the Too Darn Hot filly. Asked how the feeling compared to winning big races on the track, he added, "It doesn't. It's completely different. There's way more emotion involved, as you can see!"

There proved to be some high drama late in the session as Jane Mangan, bidding on behalf of The Thoroughbred Racing Corporation, landed the joint-top lot, a 600,000gns **Sea The Stars (Ire)** filly, who was offered by Philipp Stauffenberg.

Mangan commented, "The stallion is alright isn't he? We have been trying to buy the right type of filly for the last two weeks and we got two last week. This filly stood out. I thought she is the best filly in this book. She comes from a great farm, she is just very easy on the eye, there is no mystery here. She is the first foal out of a **Siyouni (Fr)** mare and we are very happy to get her."

All of the key figures were up again at Tattersalls on day two of

Book 2. Despite a marginally smaller offering [1%], turnover climbed 36% to 24,639,000gns while the clearance rate stood at a massive 91% for 214 lots sold from 234 offered. The median was up 14% to 75,000gns while the average was up 31% to 115,136gns.

Godolphin Going Big On Sea The Stars

The 550,000gns that Anthony Stroud spent on Folland-Bowen Bloodstock's **Sea The Stars (Ire)** colt elevated the agent's total spend on the progeny of the stallion on behalf of Godolphin to 3.5 million gns throughout Book 1 and 2.

That result represented the best in the ring for couple Natalie Folland and Matt Bowen while Fiona Marner, who bred the colt alongside the Kitcarina Partnership and Sunderland Holdings, was in attendance at Tattersalls for the big result.

"I bought her in training from Andre Fabre and then sent her to Andrew Balding and she did win a race," reported Marner of Windmill Stud. "We sent her to **Sea The Stars** for her first cover, a foal share kindly arranged by the late John Clarke, and went back to the sire again and produced this colt."

She added, "He foaled with me and spent his time with us until going to Natalie and Matt to prep. They are based at Fonthill Stud and it is such a lovely farm--beautiful land."

Tattersalls October Book 2 Cont.

Marner added, "This colt has always been just such a lovely individual and I am so pleased for Natalie and Matt. It is so nice to see young people getting on."

Stroud has been by far the busiest buyer at Book 1 and 2 and, by close of play on Tuesday, had spent over 7 million gns. Speaking about lot 859, he said, "**Sea The Stars** speaks for himself and this is a powerful, strong horse. He's a very good mover, comes from a very good farm and the pedigree goes back very well. It's so important to try and get these horses that can stay a mile and a half. We've bought a number of horses but we could do with more of that type, and he fitted that criteria. **Sea The Stars** was a top-class racehorse and is a top-class stallion."

Anthony Stroud | *Tattersalls*

Expensive **Sea The Stars Filly On Her Way To Paddy Twomey**

They weren't the only big results for **Sea The Stars** on the day as Jason Kelly signed for a filly by the stallion on behalf of Paddy Twomey for 525,000gns. Consigned by Harry Dutfield, lot 927 is out of Group 2-placed Farhh (GB) mare Makawee (Ire) and from the family of Prince Of Arran (GB) (Shirocco {Ger}).

Kelly said, "**Sea The Stars** speaks for himself and this filly was bred by the Turnbull family, who I have history with myself. I know the broodmare and she was a tough mare--hopefully Farhh will be a good broodmare stallion. She's just a stunning filly and has a lot of class about her. She will go to Paddy Twomey for an existing client of his." [Cont. p6](#)

Talking Points

- It really has been a week to remember for John Foley of Ballyvolane Stud. Just 24 hours after turning his €28,000 pinhook by **Gleneagles (Ire)** into 280,000gns, Foley watched on as his homebred **Acclamation (GB)** filly was knocked down to Henry Lascelles. "It is unbelievable," Foley said. "I have to give my sister Adelaide and her husband Padraig

Doran all the credit as they bought the mare. This filly is a beauty and we were hoping she might make 80,000gns to 100,000gns, but she has been so popular. This is a result that doesn't happen very often. The mare has a very nice Blue Point foal on the ground, and he is a fine foal, he will be kept to sell as a yearling. The mare lives at Knocktartan House and when we wean the foal it comes to me."

- It was a remarkable day for Acclamation. Following on from Foley's big result, Billy Jackson-Stops and George Scott went to 500,000gns to secure a colt by the stallion from Rathbarry Stud.
- Just one horse surpassed the 500,000gns mark during Book 2 last year, a supplemented Dubawi (Ire) filly who ended up being the only horse that Godolphin bought throughout the entire week at 725,000gns. At the end of Tuesday's trade, there had been eight yearlings to make half a million or more, while Godolphin has spent 2,350,000gns on four yearlings so far this week. That tells quite the story of how strong Book 2 has been. **Cont. p7**

- One of the six horses to make 500,000gns or more was Ballylinch Stud's **Camelot (GB)** filly out of multiple Listed winner Fort Del Oro to MV Magnier at exactly that figure. The sale sugar-coated what has been a memorable time at Park Paddocks for Ballylinch Stud, and the outfit's John O'Connor commented, "We were pretty confident she would sell well. She is a beautiful filly with the best combination of **Camelot** and Lope De Vega. The mare was very quick--she has already bred a good one, so the pedigree is stacking up for everyone. Then her physique, her temperament and her ability to show is just exceptional. Most of the big operations were interested in her."
- It has been a good sales season for Deerpark Stud who, following on from a strong Orby Book 1, sold a Dark Angel (Ire) filly for 450,000gns to Oliver St Lawrence. The sale justified Deerpark's initial outlay of 230,000gns on the dam, Listed winner Havre De Paix (Fr) (Le Havre {Ire}), at the Tattersalls December Sale in 2018. Deerpark's Peter Fagan said, "It is great for the farm. Dark Angel is a wonderful sire and a great broodmare sire, too. The filly has not put a foot wrong here and behaved so well all week. I just breeze into Tattersalls for the sale so all the credit goes to the farm, to my father and mother, farm manager Patrick Kirwan, and Rachel Harvey who has done a fantastic job this year."

Pinhooking Fortunes On Tuesday

Of the 257 horses catalogued during Tuesday's session, 65 were pinhooks, and after one withdrawal, 64 horses visited the ring. Six lots did not meet their reserves and were buy-backs, leaving 58 yearlings marked as sold. Of the latter group, 45 made a profit ranging from 1,426gns to 225,788gns.

Lot 773, a son of Teofilo (Ire) and the Toccet mare Gearanai, was the biggest pinhook of the day, with a profit of 225,788gns. The full-brother to G1 Criterium de Saint-Cloud hero Gear Up (Ire) and G3 Eyrefield Stakes victor Guaranteed (Ire) was offered by Lynn Lodge Stud. Stroud Coleman Bloodstock purchased the bay for 325,000gns on Tuesday. As a foal, the Jim Bolger-bred yearling cost €100,000gns at Goffs November.

One lot broke even and 12 lots lost money. The 58 pinhooks marked as sold were acquired for 3,811,777gns as foals and made 6,245,000gns on Tuesday representing a 63.8% return.

We have multiplied the price of the foal by 1.1 and added a running cost of 12,000gns (for foals bought in guineas) or €15,000 (for foals bought in euros) for keep, feed, veterinary, shoeing, sales prep and sales entry fees. Depending on whether someone has their own farm, or where they choose to board a horse, will obviously mean that costs for each individual can vary significantly. **Cont. p8**

Lot 773 in the ring | Tattersalls

Tattersalls October Book 2 Cont.

It is worth noting that sometimes a horse can appear to be bought and sold by different names but have actually not changed ownership at all.

Buy of the Day

Breeze-up consignors have largely found it hard to get in on the action at Tattersalls these past couple of weeks but you'd have to think that Mark Grant managed to add a particularly decent arrow to his bow for next year in the shape of lot 714, a 135,000gns Too Darn Hot (GB) colt consigned by Watership Down Stud. Out of black-type Dansili (GB) mare Earring, the Too Darn Hot colt is just the type that could rock into big money at the Craven Breeze-Up Sale in the spring. You'd imagine that Grant, the man who breezed multiple Group 1-winning sprinter Bradsell (GB), would also have the option of Arqana for his new recruit. He looks well bought and is by the stallion who can seemingly do no wrong right now.

Golden Touch

James Daly's €25,000 purchase of the Camelot (GB) colt foal out of the 1,000 Guineas runner-up Lightning Thunder (GB) (Dutch Art {GB}) at the Goffs November Sale was looking like a decent bit of business by Tuesday afternoon. The half-brother to maiden winner Hippodrome (Ire) (Galileo {Ire}) from the family of G3 Sagaro Stakes winner Sweet Selection (GB) (Stimulation {GB}) walked out of the Tattersalls ring with a 110,000gns price tag on his head having been sold to Flyingbolt Bloodstock.

Thought of the Day

It seems as though every breeze-up handler either side of the Irish Sea is down on numbers this year. And that's not from a want of trying. Five or six handlers revealed how they have been

blown out of the water at Tattersalls over the past 10 days or so. Those who did some shopping at the earlier sales and in America will be quite smug with themselves right now.

You Got To Me Cont. from p1

You Got To Me's Listed-winning dam, Brushing (GB) (Medicean {GB}), hails from the family of the GII All American Derby winner Evolving Tactics (Ire) (Machiavellian) and the G3 C. L. Weld Park Stakes winner Token Gesture (Ire) (Alzao), who is in turn the dam of the GI Canadian International hero Relaxed Gesture (Ire) (Indian Ridge {Ire}).

You Got To Me was trained for owners Valmont and Newsells Park Stud by Ralph Beckett, who said, "As my first Irish Oaks winner You Got To Me will always be special. She is a gorgeous filly who has always been a pleasure to train and without doubt she has a huge future ahead of her both as a race filly and ultimately as a prized broodmare.

"She has already given her owners Valmont and Newsells Park Stud Bloodstock 24 enormous pleasure and whatever happens at the Tattersalls December Sale it would be wonderful if she were to return to Kimpton Down to race on."

Tattersalls chairman Edmond Mahony added, "It is very rare for Classic-winning fillies to be offered for sale in the year of their Classic triumphs and You Got To Me will be the first Irish Oaks winner to grace the December Sale stage as a three-year-old for a very long time.

"She is by a wonderful sire in Nathaniel from a fabulous Moyglare Stud family and not only does she have all the credentials to be an outstanding broodmare, she also looks set to be amongst the very best of her generation as a race filly on the global stage next year."

MELBOURNE CUP CONTENDER VAUBAN "BETTER THAN HE SHOWED LAST YEAR"

Vauban (Fr) (Galiway {GB}), the beaten favourite in last year's G1 Melbourne Cup, is reported to have settled in well at the quarantine facility in Werribee as he warms up for a second assault on the race on Tuesday, November 5, with connections hoping the busier campaign he's had in 2024 will ensure that he arrives at Flemington in peak condition.

Trained by Willie Mullins, Vauban was having his first start for three months when finishing down the field behind Without A Fight (Ire) (Teofilo {Ire}) in 2023, but this year he's had more regular racing with five runs under his belt since May, notably winning the G2 Lonsdale Cup at York in August, before filling the runner-up spot behind Kyprios (Ire) (Galileo {Ire}) in the G1 Irish St Leger at the Curragh when last seen.

He will once again be joined in the line-up by **Absurde (Fr)** (Fastnet Rock {Aus}), who fared better than his stable-mate when finishing seventh in last year's Melbourne Cup and touched down in Australia after winning a Listed contest at Chester on his most recent outing. William Buick has been confirmed as the intended rider of Vauban, with Kerrin McEvoy taking the mount on Absurde.

"It obviously didn't work, the way we did it last year, so we'll try something different this year and see how we get on," Mullins's assistant David Casey told *Racing.com*. "On the day, we got the tactics wrong with both horses and we just felt we'd left something behind with Vauban as well. He didn't give his true running and we think he's better than he showed last year.

"[Last year] once we'd got him qualified, we just wanted to make sure that we were able to get him here and it ended up being a long time between runs. So we decided to run him more

often this year and send him down here hopefully a whole lot fitter than he was coming here last year and with those runs under his belt. He's had a really good preparation."

He added, "Both horses, Vauban and Absurde, seemed to travel very well. Obviously, they've been here before so they know what it's like. They ate and drank plenty on the plane and since they've arrived in Werribee both horses have been very good. Vauban has put back on everything [weight] he lost and the other guy has put on most of it."

ALPHONSE LE GRANDE DISQUALIFIED FROM THE CESAREWITCH, MANXMAN PROMOTED

It was confirmed on Tuesday by the British Horseracing Authority (BHA) that Alphonse Le Grande (Ire) ([Sea The Stars {Ire}](#)), first past the post in Saturday's Cesarewitch Handicap at Newmarket, has been disqualified after apprentice jockey Jamie Powell was found to have used his whip above the permitted level. The race has been awarded to the original runner-up, Manxman (Ire) (Cracksman {GB}).

In a statement, the BHA said, "Following his ride on Alphonse Le Grande in the Club Godolphin Cesarewitch Handicap on Saturday 12 October, apprentice jockey Jamie Powell was referred to the Whip Review Committee (WRC) for use of the whip above the permitted level.

"Having reviewed the footage and taken evidence from the jockey, the stewards on the day counted that the rider had used his whip 10 times, which is four uses above the permitted level of six in a Flat race. The ride and all evidence was therefore referred to the WRC, as is standard practice.

"The WRC meets every Tuesday and Friday. Having reviewed the race and the evidence, the WRC have confirmed that the whip was used on 10 occasions by Mr Powell." [Cont. p11](#)

Cesarewitch Cont.

The statement continued, "All 10 uses made contact with the horse, and none of the uses were clearly and unequivocally for safety purposes only.

"As 10 uses of the whip is four above the permitted level, Alphonse Le Grande has been disqualified from the race. In addition, Jamie Powell has been suspended for 28 days, this being a Class 2 contest with a total prize fund of more than £150,000. As a result of the disqualification, the Club Godolphin Cesarewitch has been awarded to original runner-up, Manxman.

"Should they wish to, connections of Alphonse Le Grande may appeal this decision. They have seven days to lodge an appeal, which would be heard by an independent Judicial Panel."

Brant Dunshea, chief regulatory officer for the BHA, added, "Disqualification was introduced as a deterrent against flagrant misuse of the whip, in order to safeguard the fairness of race results and perception amongst the sport's fans. It has since been adopted by other major racing nations.

"It sends a clear message that we do not tolerate misuse of the whip. There is simply no excuse for using the whip four times or more above the permitted level. It is encouraging that there have been so few instances of this being the case since the rule was introduced, with this being only the third time a winner has been disqualified for egregious overuse of the whip.

"We understand that some customers will question why this matter cannot be resolved on raceday, especially those who backed the on-the-day runner-up Manxman. However, this would present its own challenges, and the consultation process of the whip review revealed a strong preference from several key audiences that these matters should be handled away from raceday."

POLICING BLACK-TYPE STANDARDS

by *Terence Collier*

I thoroughly applaud the position of Arion Pedigrees, reported in *TDN Europe* (*The Thoroughbred Report*), October 15, opting to wait for review and rating from the appropriate authorities before accepting, in the pedigrees it produces, the Group (Grade) One status claimed by Racing Australia for The Everest and the All-Star Mile. For a commercial company to take this stand, when it would have been so easy to enhance a race-record or a sales pedigree by simply adding G1 to the race title, shows courage and integrity.

These two stakes are very important races and if they maintain their present status, most probably will ultimately be awarded the Group 1 designation. But the process followed internationally and imposed on record-keepers must be the arbiter of the black-type system. Arion Pedigrees does not necessarily earn credit for following the rules, but it definitely deserves much more for not allowing standards to slide.

Whether it was a slip of the pen or a deliberate sleight, I was disheartened that the USA was not included with the UK and France as being "trusted" to police black-type standards. [Cont. p12](#)

Letter to the Editor Cont.

As publishers of nearly all US sales catalogues, Fasig-Tipton, Keeneland and Ocala Breeders' Sales, all member of the Society of International Thoroughbred Auctioneers (SITA), in my time were very actively involved in the annual review of North American black-type. So were the racing secretaries of our principal racetracks. The overall authority is in the hands of the Thoroughbred Owners' and Breeders' Association (TOBA), which under its past chairmen and sub-committees, studiously examined, then downgraded and elevated black-type according to the quality of the horses which participated and the levels of minimum purses. The recommendations coming from these in-depth deliberations are then submitted promptly to similar committees representing the international racing community and, invariably, are accepted and incorporated into black-type qualifications.

I hope that leaving us out of the "trusted" jurisdictions by Arion Pedigrees was an innocent omission and not a more troubling suggestion that the USA is thought by some to be lax in keeping its house in order.

SALLAAL (IRE) (c, 2, Frankel {GB}--Nahrain {GB} {G1SW-Fr, GISW-US, SW-Eng & GSP-Ire, \$1,041,961}, by Selkirk) recovered from a hesitant getaway to race in a midfield seventh through halfway in this debut. Shaken up to reduce arrears approaching the quarter-mile marker, the 11-4 second favourite went fourth entering the final furlong and kept on strongly under mainly whipless urging to deny Roman Centurion (GB) (Iffraaj {GB}) by a half-length nearing the line. Sallaal is the ninth of 11 foals and sixth scorer produced by G1 Prix de l'Opera and GI Flower Bowl Invitational victrix Nahrain (GB) (Selkirk), herself a daughter of dual Group-winning G1 Oaks, G1 Irish Oaks and GI Flower Bowl Invitational placegetter Bahr (GB) (Generous {Ire}). The March-foaled chestnut is full to a weanling filly. He is also kin to this year's G1 1000 Guineas heroine Elmalka (GB) (**Kingman {GB}**), multiple Group 1-winning globetrotter Benbatl (GB) (Dubawi {Ire}), the dual stakes-placed Foorat (Ire) (Dubawi {Ire}) and a yearling colt by Night Of Thunder (Ire). AROLLA (GB) (f, 3, Kingman {GB}--Icespire {GB}, by Frankel {GB}), racing under a penalty as a result of her debut win over a mile at Ffos Las in July, tracked the leading trio throughout the early stages. Taking control approaching the furlong pole, the 11-4 shot drew away to win in facile fashion by 8 1/2 lengths from A Major Payne (GB) (Harry Angel {Ire}). The dam is a half to Special Duty (GB) (Hennessy), Europe's champion 2-year-old filly of 2009 having won the G1 Cheveley Park Stakes who bizarrely went on to be promoted from second to first in both the G1 1,000 Guineas and G1 Poule d'Essai des Pouliches. Responsible for a trio of black-type performers headed by last year's G1 Middle Park Stakes runner-up Task Force (GB) by Icespire's sire Frankel, she is also a half to Acclamation's GI Breeders' Cup Mile-winning sire Expert Eye (GB). In front passing two out, the 4-1 shot stayed on strongly to score by 1 3/4 lengths from Qaseem (Ire) (Acclamation {GB}). In so doing, he becomes the ninth winner for his first-season sire (by Kingman {GB}). WRITTEN TYCOON FILLY SHINES AS INGLIS READY2RACE SALE HITS NEW HEIGHTS

The Baystone Farm team with Lot 166 | Inglis

By Kristen Manning, courtesy of The Thoroughbred Report

Buyers from across Australia and Asia showed up in force at Tuesday's Inglis Ready2Race Sale, setting a record-breaking price and surpassing last year's key statistics. Despite the lingering impact of racing closures in Singapore and Macau, the sale bounced back with fierce competition, delivering outstanding results.

"I never imagined, while finalizing the catalogue and conducting inspections, that we'd be celebrating these achievements by the end of the day," said an elated Sebastian Hutch, reflecting on the remarkable success of the sale.

"It was the second-highest grossing Ready2Race sale ever, despite having significantly fewer horses than when the record was set in 2022. The intensity of competition at the top end of the market was a standout," Hutch said, proud of the day's accomplishments. **Cont. p16**

Inglis R2R Cont.

He explained that last year, demand for quality young horses exceeded supply, leaving many buyers with unspent funds. "After last year's sale, we made it a priority to bring in a greater number of top-tier horses. Today's results at the top end show we delivered on that goal."

Record-Breaking A\$1-Million Filly Marks a Milestone

It was a record-breaking A\$1,000,000 that Yulong went to secure back a Written Tycoon (Aus) filly (Lot 166) they bred and sold as a yearling; the price the highest achieved at an Inglis Ready2Race.

A significant increase on the previous sale-topper (A\$750,000 for a Dundee {NZ} colt two years ago), the attractive dark bay had breezed up in 10.50s at Wangaratta for Baystone Farm who had purchased her from Yulong for A\$200,000 at the Inglis Australian Easter Yearling Sale.

She is a daughter of Soriano (NZ) (Savabeel {Aus}), Champion Middle Distance Horse in NZ in 2014-15; a dual Group 1-winning dam of three winners including the stakes placed Alsonso (Aus) (Zoustar {Aus}) who was exported to Hong Kong in March.

Soriano (whom Yulong secured seven years ago for A\$1.15 million) is one of the five winners produced by the Listed Wagga Gold Cup winner Call Me Lily (NZ) (Just A Dancer {NZ}), also dam of the G3 Premier's Cup winner Kaiser Franz (NZ) (Savabeel {Aus}) and grandam of the G1 New Zealand Derby winner Rocket Spade (Aus) (Fastnet Rock {Aus}).

Baystone Farm's Dean Harvey was of course happy with the result, saying that "we thought we were pretty lucky getting her as a yearling, we thought she'd be out of our price range."

"We raced Alsonso and we know that Mark Newnham has a big rap on him," he said, adding that the filly showed ability during her preparation for the sale. "We identified a while ago that she has talent."

The Sale Continues to Evolve

Selling another five horses whilst passing in seven, Harvey said that the sale had its challenges.

"Inglis did a good job with the buying bench they attracted but there was always going to be an adjustment with racing in Singapore and Macau closing down," he said.

"That took the wind out of the sails for this sale," he added whilst noting that he remains confident that the sale has a future; "it continues to evolve," he said.

Yulong were also the winning bidders on Lot 14, another colt

by Written Tycoon. Sold by them to CH Bloodstock Ltd for A\$150,000 at the Inglis Premier Yearling Sale, he was bought back for A\$525,000 from the draft of Leanach Lodge.

Breezing up in 10.55s at Taupo, he is the first foal for the multiple city winner Be My Star (Aus) (Zoustar {Aus}) whose stakes winning grandam Adagietto (NZ) (Sackford) is ancestress of a number of stakes winners including the G1 Oakleigh Plate winner Uncommon James (Aus) (Cable Bay {Ire}).

Yulong's Vin Cox was delighted to welcome the two Written Tycoons back to the fold, noting that "it shows that we have faith in our product."

"Our stallion is going exceptionally well and we like supporting those who support us."

U.S. JOCKEY CLUB TO RECOGNISE THE EVEREST AND ALL-STAR MILE AS GROUP 1S

The U.S. Jockey Club will recognise the new Group 1 races The Everest and the All-Star Mile after they were promoted by [Racing Australia recently](#), a Jockey Club spokesperson confirmed to *TDN Europe* on Tuesday.

"We will treat the Everest and the All Star Mile as Group 1 races," the spokesperson said. "They have been approved for Group 1 status by the Asian Pattern Committee which satisfies the requirements for Part I countries in Australasia."

The news emerged on Monday that Arion Pedigrees will refuse Group 1 recognition of the two races until formal ratification is received from international authorities. The pedigree database has made it clear that it won't be rushed into recognising races that, in its view, have not yet gone through the appropriate global processes.
